8

- The PPC completed reviews of 7 programs this academic year (Business, Library, Public Health and Recreation, Chicana & Chicano Studies, Art & Art History, Aviation and Technology, and Social Work). We started two additional programs and will finalize them in the fall semester when external reviews are received (Psychology, Comm. Disorders and Sciences).
- We held 11 action plan meetings, leading to 9 finalized action plans.
- We started the process of revising the program planning policy and our guidelines.
- We initiated a new internal process for reviewing programs to improve efficiency.

Finalize the new program planning policy and guidelines. Although this is unfinished this AY, significant progress was made.

Finalize remaining two outstanding action plans by obtaining the appropriate signatures.

Finalize remaining two programs pending receipt of the external review.
