The Faculty Diversity Committee promotes diversity through appropriate recruitment and retention strategies. It also conducts periodic forums and other activities directed

at increased recruitment and retention of diverse faculty. It reviews effectiveness of such activities and may recommend appropriate strategies and policies. This Committee wants student input on ideas they can work on in this committee. Please see the attached document with some of the things they worked in the previous years and prepare some ideas/suggestions from students perspective for this committee. They want us to brainstorm around areas where faculty diversity impacts them and also think about improvements that they would like to see in faculty diversity from the student perspective. They also had a suggestion at the meeting from Professor Ledesma about a workshop for students interested in the professoriate--if it seem like a topic of interest for AS and if so, are students aware of any other similar offerings?

2. ~~Disability~~

Presenter: Sehtej Khehra

The budget for this event will be \$300-\$400 for programming and \$325 for food and snacks. Till now I have researched these two options. Plants(\$160.86) and Fidget Toys(\$110)

The Learning Space Upgrade and Academic Technology Strategy (LSUATS) initiative will begin with a 10-week project, launching in early September and concluding in November. Deloitte will collaborate with students, faculty, staff, stakeholders, and pedagogy experts to conduct a thorough current state assessment, develop a strategic vision and plan for the future, and create a multi-year implementation roadmap.
