San José State University Computer Science Department CS161, Software Engineering Project, Section 1, Spring 2021

Course and Contact Information

Instructor: Dr. Hema Nair (Srikanth)

Office Location: Remote

Email: Hema1900@gmail.com; hema.nair@sjsu.edu

Office Hours: TBD (by appointment)

Class Days/Time: Section 1: TR 6:00 PM -7:15 PM PST

9. CLO 9 – Manage Project risks and Understand Release Management Process

Textbook

Optional: An Introduction to Software Engineering, by Laurie Williams; Edition 1. (ISBN-10: 9780989864015)

Course Requirements and Assignments

SJSU classes are designed such that in order to be successful, it is expected that students will spend a minimum of forty-five hours for each unit of credit (normally three hours per unit per week), including preparing for class, participating in course activities, completing assignments, and so on. More details about student workload can be found in <u>University Policy S12-3</u> at http://www.sjsu.edu/senate/docs/S12-3.pdf.

Project: A team project will be completed in groups of four or five students. This course is based on reality, so the project will be as real-world as we can make it.... which might intentionally cause you some heartache (such as ill-defined AND/OR changing requirements). Remember, it's for your own good as in reality customers change mind and requirements evolve continually.

Time: This class requires a lot of work outside of class meeting times. You are expected to spend, on average, 8 to 15 hours per week outside of class preparing and working on assignments.

NOTE that University policy F69-24 at http://www.sjsu.edu/senate/docs/F69-24.pdf states that "(t)J-0.004 Tc m5MCII

University Policies

Per University Policy S16-9, university-wide policy information relevant to all courses, such as academic integrity, accommodations, etc. will be available on Office of Graduate and Undergraduate Programs' Syllabus Information web page at http://www.sjsu.edu/gup/syllabusinfo/
