Podcast (50 points)

Create a podcast episode in Adobe Audition advising students on what to do and not to do to learn programming.

In this part you will produce the Podcast in Adobe Audition.

1. Record the script you created in Part 1. You may modify the script as needed.
2. Assemble a podcast, including:
 - a. Introduction: title, running line.
 - b. Content
 - c. Special effects (at least one)
 - d. Credits (your name, it could be a fictitious name).
3. Export the podcast as mp3.
4. Upload to Canvas:
 - a. Mp3 file
 - b. Pdf of final script
