“This course must be passed with a C or better as a CSU graduation requirement.”

#### Determination of Grades

10 Achieve Assignments (10 pts each)	25%
Class Participation	10%
Mid-term 1	20%
Mid-term 2	20%
Final Exam	25%

12 Achieve assignments will be given over the course of the semester; I will drop your two lowest scored assignments. This means you may miss or skip two assignments if you choose. You must have 10 assignment scores; any additional missing assignments will be counted as zeroes.

I do not recommend missing Achieve assignments, as they will cover important material that will be on midterm and final exams. However, things come up in life so I offer the dropped score option for unanticipated disruptions to your schedule. Having said this, because you have the opportunity to drop two assignments, I will not accept any late submissions. There will be firm deadlines for all assignments and late assignments will be recorded as a zero.

\*If a personal emergency comes up causing you to miss a midterm or a verified and valid personal emergency or medical reason documented to me in advance of or immediately after the final exam will then take on the weight of the final plus the missed midterm. If a situation takes place around the final exam a verified and valid reason
