## Frequently Asked Questions

You will have your admission to SJSU revoked and your registration canceled. You may not use coursework from the Summer 2023 term to complete admission or impaction requirements.

No, your admission offer is good for the Fall 2023 term only. You must attend at least one course during the Fall 2023 semester to maintain your admission. If you do not enroll in courses during the term of your admission and wish to be admitted for a later term, you must submit a new application for the next available term for which you meet the minimum requirements.

Because SJSU is an impacted campus, change of major cannot take place prior to the start of the term and is never guaranteed even after admission to SJSU. If you are Undeclared, you will receive more information about declaring your major during

# Determine First Year Writing and Math Course Placement

To facilitate appropriate first-year course placement, the CSU evaluates your academic preparation in two areas: written communication and math/quantitative reasoning.

The evaluation takes into account several factors, including overall grade point average, mathematics grade point average, completed terms of secondary coursework, grades in certain senior-year classes, the Reflection on College Writing, and scores on standardized tests such as the SAT, ACT, CAASPP/EAP, CLEP, Advanced Placement, Advanced Level, Advanced Subsidiary, and International Baccalaureate examinations.

Though SJSU will not consider SAT/ACT scores in our evaluation of your record for admission, please submit any available official SAT/ACT scores as they could help determine your first-year course placement.

## First Year Writing Course Placement

Freshmen entering SJSU will complete an online Reflection on College Writing exercise to explore writing at SJSU and to choose the course they need. The online exercise is offered through Canvas (SJSU's online course tool). Be alert for emails and MySJSU messages about the Reflection on College Writing. To ensure that you will be able to register for your first-year writing course during Sparta Camp (Frosh Orientation), complete all modules in your Reflection on College Writing at least two weeks prior to your orientation session. Messages and emails will be posted if there are sections that are not fully complete; be sure to monitor MySJSU and your @sjsu.edu email account. For more information about the Reflection on College Writing, please visit [sjsu.edu/english/frosh](https://sjsu.edu/english/frosh)

## First Year Math Course Placement

Your math placement is dependent upon your major and your enrollment category. You can confirm your major by reviewing your admission letter. To determine your math course placement, please complete the following:

- Determine if your major requires calculus by viewing the "Majors Requiring Calculus (STEM)" list at [sjsu.edu/supportedinstruction/first-year-course-placement/math-quantitative-reasoning](https://sjsu.edu/supportedinstruction/first-year-course-placement/math-quantitative-reasoning)
  - If your major requires calculus, please review the Precalculus Proficiency Assessment section below

- Identify your math enrollment category by following the instructions at [sjsu.edu/supportedinstruction/first-year-course-placement/math-quantitative-reasoning](https://sjsu.edu/supportedinstruction/first-year-course-placement/math-quantitative-reasoning)

## Precalculus Proficiency Assessment

If your major requires calculus, you will be required to take the Precalculus Proficiency Assessment (PPA) unless:

- [sjsu.edu/supportedinstruction/first-year-course-placement/math-quantitative-reasoning](https://sjsu.edu/supportedinstruction/first-year-course-placement/math-quantitative-reasoning) (Request to have the appropriate testing agency send your official score report to SJSU as soon as it is available.)
- OR-
- [sjsu.edu/supportedinstruction/first-year-course-placement/math-quantitative-reasoning](https://sjsu.edu/supportedinstruction/first-year-course-placement/math-quantitative-reasoning) (Send us your official transcript reflecting this work as soon as possible.)

Students requesting testing accommodations due to disability limitation(s) must register with the Accessible Education Center at least one month prior to testing. Register online at [sjsu.edu/aec/students/register-with-aec](https://sjsu.edu/aec/students/register-with-aec)

For details, exemptions, and other criteria visit [sjsu.edu/math/calculus](https://sjsu.edu/math/calculus)

If you took the Calculus AP exam in high school and have not yet sent us your scores, please contact the Testing Office at [testing-office@sjsu.edu](mailto:testing-office@sjsu.edu) to determine your next steps.

If you feel that your assigned mathematics enrollment category is not accurate, you may submit an appeal. For your appeal to have merit, it must bring to light new or missing information that was not considered in the original determination.
