🎯 Course Goals

GE Area A3: Critical Thinking and Writing

Area A3 courses develop students' understanding of the relationship of language to logic. By engaging students in complex issues requiring critical thinking and effective argumentation, A3 courses develop students' abilities to research and analyze important topics and to construct their own arguments on issues that generate meaningful public debate and deliberation. Courses include explicit instruction and practice in inductive and deductive reasoning as well as identification of formal and informal fallacies of language and thought. Completion of Area A2 (Written Communication I) with a minimum grade of C- is a prerequisite for enrollment in Area A3. Completion of Area A3 with a grade of C- or better is a CSU graduation requirement.

GE Area A3 Learning Outcomes

3. identify and critically evaluate the assumptions in and the contexts of arguments; and
 4. use inductive and deductive logic to construct
