bility, estimation, hypothesis testing, measures of
the analysis of variance.

ment. Since JS15 meets the mathematical
st have passed the E.L.M. placement test – or
in the course. Instructor cannot waive this
will in

Required Software

SPSS is required for much of the homework assignments. Fortunately, a student license is available for free from SJSU online:

http://its.sjsu.edu/services/software/#spss

Alternatively, students may borrow a computer with SPSS from the Student Computing Services at the Library for a week at a time.

Course Requirements and Assignments

SJSU classes are designed such that in order to be successful, it is expected that students

You may find all syllabus related University Policies and resources information listed on GUP's Syllabus Information web page at http://www.sjsu.edu/gup/syllabusinfo/
In addition, I wanted to emphasize the following for this course:
