

crimes against the government, including treason, sedition, sabotage, espionage and terrorism.

1. **Historical Perspective:** The course will survey the historical components to specific crimes in the United States as well as a chronological review of statutory and case law associated with such crimes.
2. **Legal Analysis:** The course will provide an analytical review of the basic elements of specific crimes pursuant to federal and state statutes and the common law, specifically the evolution and interpretation of such law by the US Supreme Court and the state courts. In addition, the analysis will include an in-depth look at the reasons and justifications that shape the court's opinions and how these opinions ultimately define criminal law in the United States.
3. **Discussion:** The course will facilitate discussion of issues concerning criminal law, crimes and the development of such law within the criminal justice system.
