None

All ME 295A (first semester) students are required to have their project proposals approved by their committee chair, Graduate Program Adviser and Department Chair prior to start of the semester in order to receive an enrollment permission number.

All the students are expected to:

- Make an end of the semester presentation.
- Provide an end of the semester report.

Course grades will be issued when the following items are received by the student's committee chair prior to the 'grades due date':

- A copy of semester report approved by the committee chair
- A copy of the approved 'Oral Presentation and Grade Form' by the committee members.
- Proof of the regular consulting with the advisory committee.

Evaluation criteria for grading are posted at http://www.sjsu.edu/me/msme/current_students/forms_msme/. under “Thesis/Project Assessment Form A”. Each criterion is evaluated by the project committee on a 0.0 and 4.0 scale (as in grade point averages), with 4.0 indicating "A", 3.0 indicating "B", and so on. At the committee's discretion, determination of scores may be conducted by committee consensus or by averaging of the ratings from each individual committee member.

Per University Policy S16-9, university-wide policy information relevant to all courses, such as academic integrity, accommodations, etc. will be available on Office of Graduate and Undergraduate Programs' [Syllabus Information web page](http://www.sjsu.edu/gup/syllabusinfo/) at <http://www.sjsu.edu/gup/syllabusinfo/>
