

Master of Arts in Research and Experimental Psychology

San José State University

Thesis Proposal Approval Form

Instructions

Upon approval of the thesis proposal, the thesis student will circulate this form amongst the committee members and send a completed copy to the MA Coordinator. The student should keep a copy for her or himself.

The Thesis Chair will record the thesis committee membership and proposal approval date in the MA Master Student Database.

[University policy S14-10](#) describes the rules governing master's thesis committee membership, so please see the policy for specific questions and situations.

In general, the MA Research and Psychology program thesis committee typically has 3 MA faculty members and is chaired by a tenured or tenure-track faculty member of the MA program. The committee may include qualified individuals outside of the program, and even outside of SJSU, if the department judges the individual as having expertise related to thesis topic.

Please see the MA coordinator if you have additional questions about committee membership.
