I am seeking to be re-elected Chair of the Curriculum and Research (C&R) Policy Committee for Academic Year 2022/23. I have served as chair the last for academic years and I would like to complete our work that is relevant to AB928 that could restructure our GE Program. It is anticipated that we will begin working in the Fall semester to gather feedback to this regard. I have a tremendous amount of knowledge on our GE program having led the committee the last several years as we undertook updating the GE G

## Candidate Statement for ASCSU Executive Committee

-

the transformative recruitment and inclusion of colleagues whom we do not yet know in the senate.

## Candidate's Statement for Instructional and Student Affairs Chair 2021

Chairing the largest and most diverse of the policy committees for the senate is a privilege. It is a privilege that I hope to continue next year. The challenge of chairing ISA continues to inspire me to serve the senate and to respond to the needs of the university. It is work that I have missed during my sabbatical this semester.

The highly varied work of ISA committee is critical to the university's mission and student success. It requires great calm and a commitment to growth as an individual, as there are always new group dynamics to manage, new university procedures to learn, and new colleagues to get to know. I have this commitment and would appreciate your support as ISA chair next year.

Thank you for your consideration,  
Laura Sullivan-Green

Statement re: Academic Senate CSU Representative to the Executive Committee

Mark Van Selst, SJSU (Psychology)

STATEMENT:

I am one of several long-serving members of the SJSU senate. As others with this type of track record, I have cycled on and off of the executive committee across my time. As a member of the Academic Senate CSU (“statewide”) I have been a member of the SJSU executive committee serving as the representative for a total of 10 years with the most recent hiatus spanning the last several years – with rare breaks, I’ve served on the SJSU senate and the Academic Senate CSU (“statewide”) since 2002. As the representative to the executive committee, and as will be familiar to many of you for whom I have served in this role, I am committed to represent the full breadth of topics addressed by the body (predominantly through my usual written correspondence) and will work collaboratively with my statewide colleagues to ensure that we can provide the best insights into statewide issues as we can. I will work with integrity and passion in the onboarding of our new leadership team, and will continue to reach out and support those working towards the success of our students. I look forward to reconnecting with campus, with those I’ve worked with before, and building new bridges with those new faces (faculty and cabinet) that I have not yet had the pleasure of extended collaboration with.

BACKGROUND:

My own particular experience and passion for academic matters centers on Transfer, Student Achievement, General Education, and effectiveness in advising processes. At statewide, in addition to prior service on the ASCSU Executive Committee, I have chaired half of the standing committees: *Academic Affairs (AA)*, *Academic Preparation and Education Programs (APEP)*, *Teacher Education and K-12 Relations (TEKR)*, as well as multiply repeating as chair of the *Chancellor’s GE Advisory Committee* (most recently AY 2020-21 and the current session). I have been closely involved in a variety of statewide curricular initiatives, including membership on the *Give Students a Compass* steering committee, work in establishing policies and procedures for our professional doctorates (Ed.D, 2005-6; DPT, 2010, etc), being the CSU segment lead for the *Intersegmental Major Preparation Articulated Curriculum (IMPAC)* project, a member of the *Lower Division Transfer Pattern (LDTP) Oversight Committee* (as well as the Psychology Lead), and have served a similar role supporting statewide transfer via SB 1440 transfer (various committees/roles). I have been a member of the *Intersegmental Council of Academics Senates (CCC, CSU, UC)*, have worked extensively on transfer with our CCC partners, and remain heavily involved in GE and transfer/articulation issues as well as “student success” broadly considered – e.g., involvement in curricular revisions in response to EO1100 (Aug 2017), the Institutional Barriers workgroup for Graduation Initiative 2025, and more recently, with the CSU response (Academic Senate and CSU CO) GE implementation of AB1460 (Ethnic Studies), ongoing work addressing the complications of AB928 (ADT oversight and reduction in CSU GE towards a common GE transfer pathway for the CSU and UC systems), and an exciting new initiative allowing individual faculty members access to examine equity gaps within their own suite of courses taught.

Dear Colleagues,

I am seeking election as chair of the Professional Standards committee for AY 2022/23. I have served on the Academic Senate for four and a half years, and during that time I have served on the Organizational Government Committee and the Instruction and Student Affairs Committee. On the Academic Senate, I served on the Student Evaluation Review Board, the Board of the Center for the Study of the Teacher, SERB, the SERB document review committee, the SERB online student survey, and B to the SERB. I have been a member of the Association of Student of the

In addition to my service on the Biological Sciences Graduate Council, the Biological Sciences Department for over 10 years, I have chaired multiple committees, provided feedback on student feedback, and served as a member of the SERB. I have been involved in current and future projects and have been a chair. I am looking forward to continuing

## Statement of Interest – Associate Vice Chair/Chair, Committee on Committees

Reiko Kataoka, Senior Lecturer

Dear Colleagues,

My name is Reiko Kataoka, and I am a lecturer in the Linguistics & Language Development department. I am putting forward my name to serve as Associate Vice Chair of the Senate.

Although I am a relatively new senator, I have gained knowledge and experiences necessary to serve as Associate Vice Chair from the current Policy Committee work and other leadership roles I have taken at the campus. As a senator, I have served in the Organizational Governance Council, during which I have gained experiences in

leading the board meetings, coordinating on matters regarding the Council's work, and organizing and conducting meetings in different modalities, both in an assisting role and as a Chair.

My priorities, responsibility and accountability are characterized by the emphasis on shared communication. Sharing authority together with responsibility and accountability would be an effective way to empower members and allow them to perform at their best of ability. Transparent and open communication without fear of reprisal is a prerequisite of a truly meaningful

## Statement of Interest as Faculty-at-Large on the Executive Committee and University Library Board

### Winncy Du

I would like to serve as Faculty-at-Large on the Executive Committee. I am a Professor (previous associate chair) in the Mechanical Engineering Department, and had served the Academic Senate for more than two terms (seven years from 2007 to 2014). I have also served nine most important university committees including Executive, Professional Standard, Organization & Government, Instruction & Student Affairs, and Sabbatical Leave Committees. I would like to utilize my experience to help the University.

Since I joined SJSU in 2000 (22 years), I have experienced 9 University presidents – Stephen Perez, Mary Papazian, Susan Martin, Mohmmad Qayoumi, Don Kassing, Jon Whitmore, Paul Yu, Joseph Crowley, and Robert
