Questions:

Q: Has there been any final decision about a CASA reorganization?

A: There are no plans for a decision on reorganization at this time.

Q: Are we considering having only one graduation and eliminating department graduations?

A: Degrees can only be conferred by the President. The President hopes to keep what we have but cluster them together over two days instead of two weeks. The President is considering commencement followed by department ceremonies. The President would also like to move the event away from the Memorial Day weekend.

Comments: The reason the department events are held over a two-week period is that there are not enough rooms to hold them all on the same day.

A suggestion was made to hold the event in the evening as many students and parents complain about the heat at midday.

Some students cannot afford to participate when we charge for it.
